The team displayed a new look under Coach Dave Neubauer in his first year. They also sported new uniforms and weight lifting equipment. Three members were named to the all-conference team: Gregg Schmidt, Scott Cornette, and Paul Luebke.

The team played exceptionally well under a first year coach. "We are planning on doing even better next year," said Coach Neubauer.

"; Rich Buntt, center on offense and backup linebacker, " ... most consistent lineman ... did his dual job in every game."

FLIGHT

Take flight
go out of sight

keep on flying
Never stop trying

Up and up you go
Never stop, never go slow
When you see the sun
you realize you've won.

So down you fly
and tomorrow again you'll try,

To be out of sight
Way up high in flight.

"GRANDMA"

Remember the time I spilled chocolate pie all
over your new rug?
I thought you'd hit me, but you didn't
and remember the time you caught me cheating at cards?
I thought you'd tell but you didn't.
Do you remember the time I made you walk to Shopko,
and you said it would rain, and it did?
I thought you'd say, "I told you so", but you didn't.
and remember when it was so hot, but I was
allergic to the air conditioner?
I thought you'd get mad, but you didn't.
Do you remember all the times I forgot to
say, "I Love You"?
I thought you'd disown me, but you didn't.
Yes, there were lots of things you didn't do,
but you put up with me, and you loved me, and
you protected me.
There were lots of things I wanted to make up to
you when you returned from the hospital,
but you didn't.

Michelle Funk

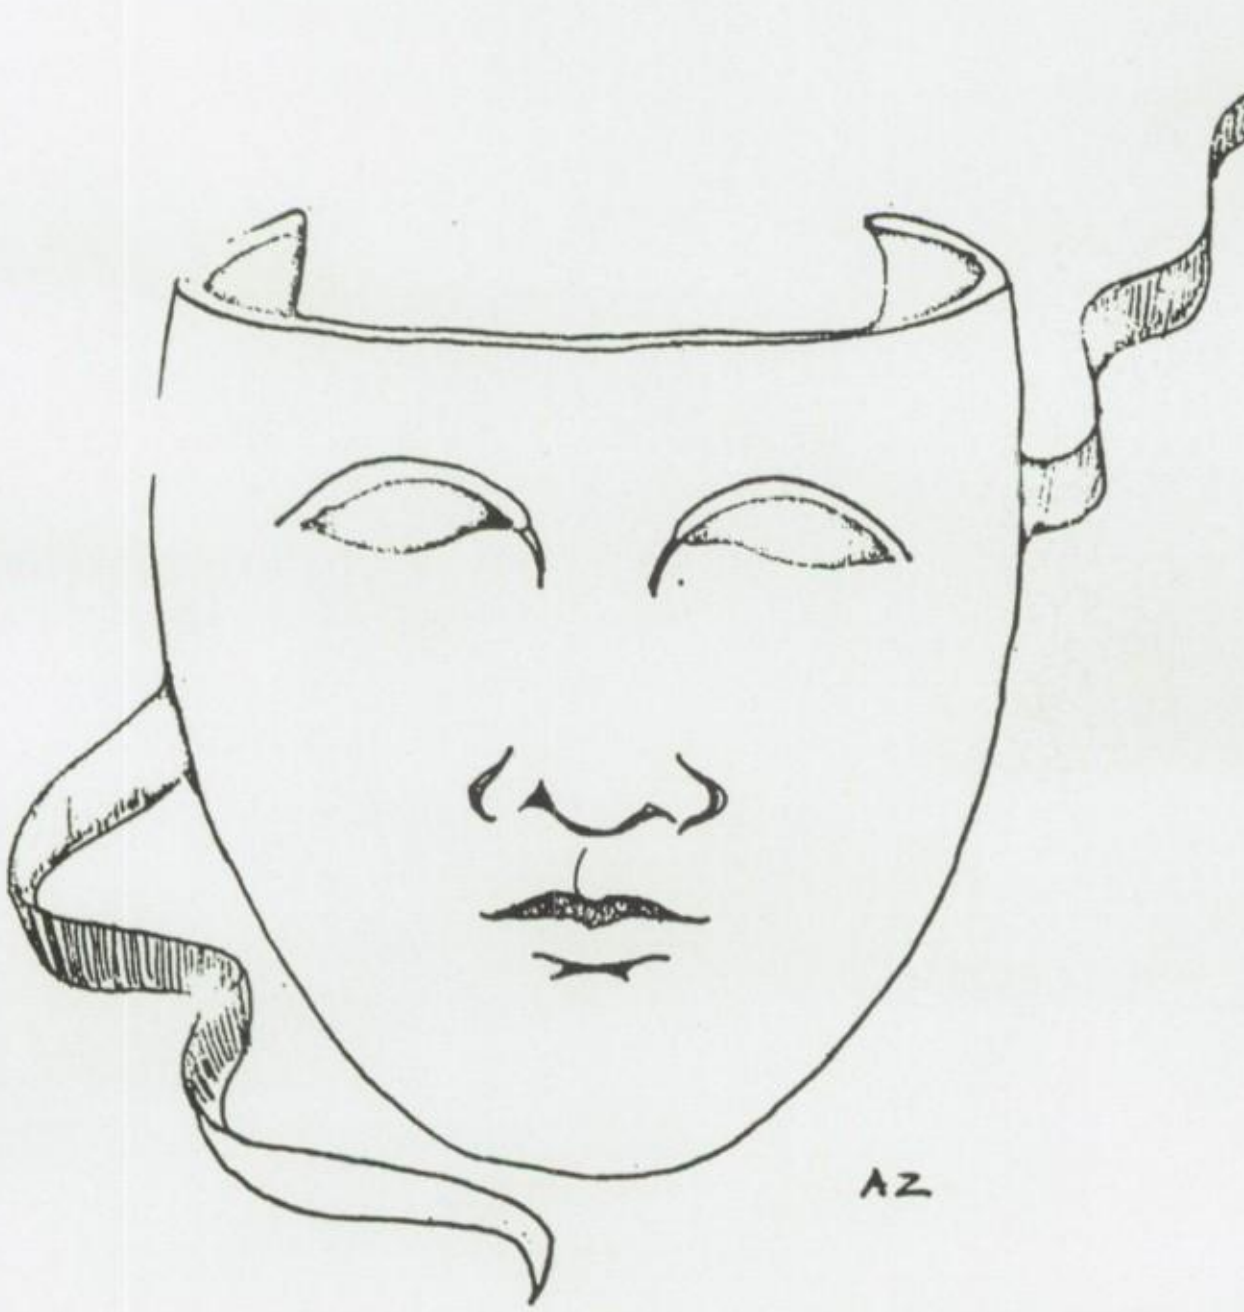
It starts way down deep
And it works its way up
It stops for awhile
In the pit of my stomach
Before it moves on
To lurk in my throat.
I fight and I struggle
against this force
That is trying to overcome me.
I think I have succeeded,
Until...
The trigger is pulled
And the surge of pain bursts forward
Into
    a
     single
          teardrop.

Diane Sconzert

I AM "ME"

"Me" is someone who few capture.
"Me" is like a secret that scarcely gets known.
Searching and searching won't help you;
For you will find there is a heavy lock on every facet of "me".
and only you, yourself may find the key to unlock the mystery that you seek.

Mary Gantenbein



GIFT OF LOVE

To increase my personal development
mentally and emotionally
is the most anyone can do for me.
For to develop myself in such a manner
is to grow.
How beautiful it is for one being
to contribute to the growth
of another being.
This growth is found
only in special places
and germinated
by special beings.
It is a gift to have inside
the ability
to advance in someone individual growth.
A very precious, very special gift.
The gift
of Love.

A SONG

IN EACH HEART THERE IS A SONG
THAT NO ONE ELSE CAN HEAR

A SPECIAL, SIMPLE MELODY
THAT ALWAYS SOUNDS SO NEAR

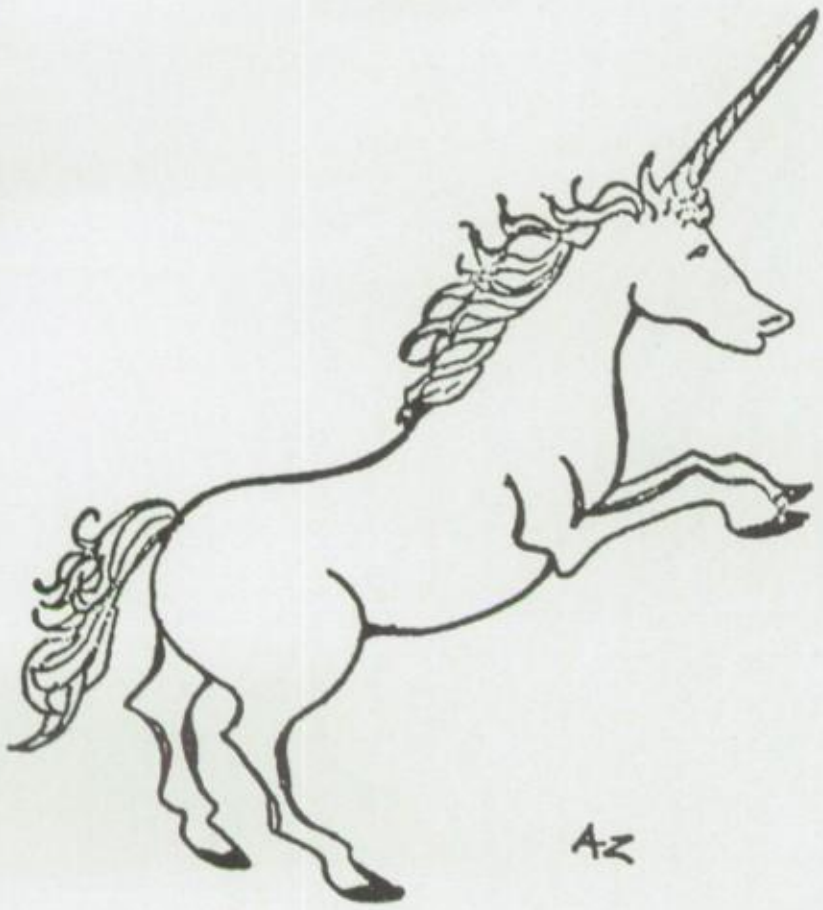
IN MY MIND I HEAR A SONG
THAT KEEPS ME FEELING BRIGHT

IT HELPS ME TO BE HAPPY
AND LETS ME SLEEP AT NIGHT

IN YOUR LIFE THERE WILL BE SONGS
THAT CHANGE FROM DAY TO DAY

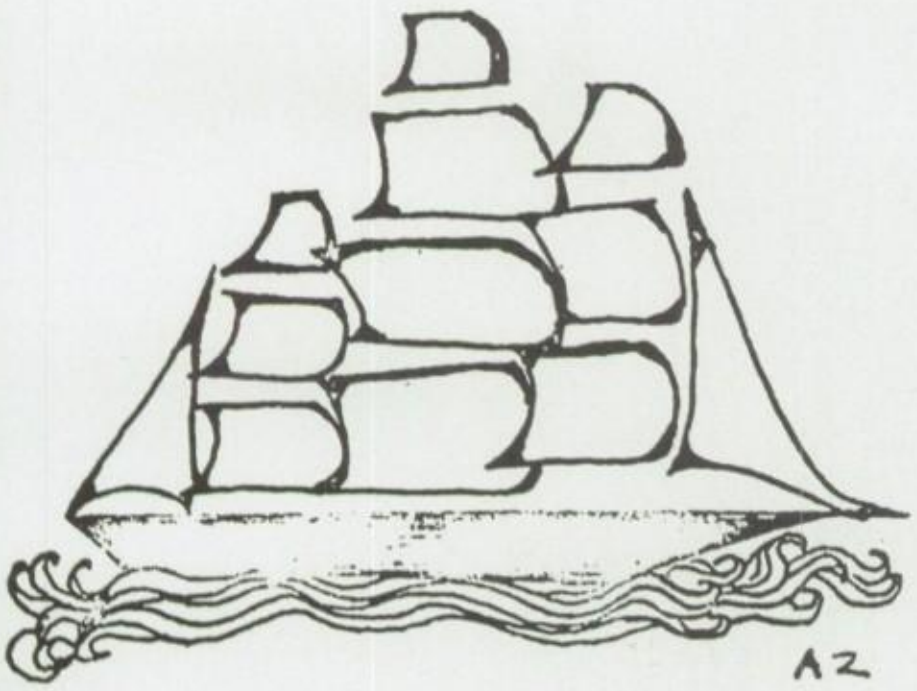
BUT THE SPECIAL SONG IN EACH OUR HEARTS
IS ALWAYS THERE TO STAY

DOROTHY GILLER



I am a person
one of the many millions.
I am going to be a person
Like one of the many millions.
If I am not going to be myself
I am going to be one of the many millions
But I am going to be myself
so none of the many millions.

Vivienne Scheltema



IF I DO

If I do because I want to...
I am.
If I do because I should...
I may be.
If I do because I have to...
I never will be.

In 1952, East High's history teacher and student council advisor, Lloyd MacPhail died. In the memory of this wonderful man, a scholarship fund was established.

The money for this fund comes from several outside donations and from the hard work of a group of determined young ladies. Members of the MacPhail Foundation raised money this year by selling concessions at the basketball games, managing a candy counter after school, distributing holiday candy-grams, and sponsoring the students vs teachers Super Games.

The scholarship money was split into several awards to benefit East students who have excelled in academics, community service, leadership exhibition, and/or extra-curricular involvement. Financial need was also a factor.

The winners of the scholarship competition are to be highly commended. So, too, are this year's fifty-four MacPhail members for their time and effort.

PEER stands for Preventive Education and Effective Resources. PEER members receive training in alcohol and drug abuse prevention, communication techniques, listening skills, value clarification, decision making and the availability of community resources.

PEER is essentially a program of young people influencing young people. It is designed and facilitated by students to help other students develop less self-defeating behaviors and life styles. Members serve as role models and reinforcing agents in order to improve social acceptance and interaction between students and students; and students and staff.

Librarian Ruby Hannon retires from East

Ruby Hannon came to Green Bay East High from Manitowoc's Lincoln High School's library nineteen years ago. She arrived at "Old East" with considerable reservation.

Miss Hannon was a graduate of Green Bay West High. There were then just two high schools in Green Bay. As a West Wildcat, she had learned to regard the cross-town rival East Red Devils with a somewhat jaundiced eye. Her view of the Devils was further intensified during Miss Hannon's "Manitowoc years" whenever the rough, dastardly Devils beat the courageous, valiant Ships.

What first appeared to be an unhappy twist of fate that brought Miss Hannon to East proved to be a situation of good fortune. East's drab, old library was brightened by a coat of paint, new drapes, and pictures borrowed from the public library. Also, there was the intrinsic, positive character of the school which included a strong, supportive administration. There was an **esprit de corps** in the entire staff which was dedicated to student welfare. As for the students themselves, it was a pleasure and privelege to work with them. The learning atmosphere was one of mutual respect and concern.

When the new library was in the planning stages, Miss Hannon visited "model schools" with Instructional Media Centers. She was happy to return to East which was doing a better job of educating students without "standing on its head" for the purpose of gaining media recognition. East maintained its equilibrium during those difficult times. It was a good, strong, well-run school.

Whether or not to retire from her position as East's librarian was a difficult decision to make. Friends encouraged her to retire so she could enjoy her hobbies and other pursuits of interest at her leisure. Miss Hannon responded that she had been truly enjoying the forty-one years of her professional career.

But, "for everything there is a season." Recognizing both the spirit of that ancient notation and the advice of her friends, Miss Hannon decided to move on to the next "season" while still enjoying her pleasant memories of the past.

Hair on fire: In this photo released Wednesday, singer Michael Jackson's hair is ablaze as he descends a staircase at the rear of a stage on which he was filming a TV commercial in Los Angeles Friday. His brother, Germaine, foreground, apparently was unaware of the accident. Jackson suffered second- and third-degree burns on a portion of his head.

Special Education teacher Lolajean Morey retires from East

Miss Morey recalls 38 years of teaching

After thirty-eight years of teaching, I am looking forward to the challenge that retirement will bring. Change always brings challenge, and in my years of teaching this has been the case.

My first two years of teaching were in Superior where I had hearing impaired students from ages three to twenty. The next four years I spent in Green Bay at Howe Elementary School teaching hearing impaired at the primary level. In 1952 I went to Mt. Lebanon, Pennsylvania to start a day school class in a regular elementary school. This was a new concept in Pennsylvania, and a challenge that I found very rewarding. In 1954 I came back to Green Bay to teach third grade at Lincoln Elementary School. The next year I took a primary class at Howe again. In 1960 I moved up to the intermediate level. In 1969 I decided that the high school program was a change and challenge that I needed. I had eleven students in both junior and senior high school. In 1971 four of my hearing impaired students graduated. I had had those four students as little children in the elementary school, so that graduation had special significance to me. In 1972 I came to East High School. Twenty-six boys and girls have been in the special program for the hearing impaired and graduated from East High School since my first class in 1971. Four more will graduate in 1985. I certainly want to return for that special day for them as well. I correspond with many of my former students. I get a real thrill when I receive pictures of them and their families.

When I retire in June, I plan to move to my home in Waupaca. My hobbies of sewing, knitting, embroidery and hooking rugs, as well as bowling and golf, will keep me busy. Many new challenges are ahead for me, and I look forward to each and every one of them.

Margaret,

Well, we had lots of fun this year, but we also put up with a lot of shit. Sister Geraldine for example. Ooh man I was ready to kill her quite a few times this year. Dubbbie was another. She bugged the fuck out of both of us. Uh huuh! We also fought, but for stupid reasons and it didn't last long. Thank God. I really meant what I said in that note even though I know it didn't sound like it sometimes. You've helped me out so much lately and in the past, I just can't thank you enough. And please Ellen, bear with us - and don't become friends with her for anyone but yourself if you want to. Which will probably don't. But anyhooo We've got alot of good times ahead. This summer will be one Party! Take Care

Love Ya
